

Perry..... Lumber Co....

We carry a full stock of LUMBER in the various grades from the best down to knot holes. The best plastering material—"Acme"—and sharp sand will be found at our yard. Iola Portland and Louisville cement form a portion of our stock. The only trouble from our point of view is the fact that prices are too low.

Of course you'll not lose any sleep over that till you try the lumber business yourself.

Come around anyhow and inspect our stock

Will Not Regrade Land.

A number of Cherokee citizens who applied to the Dawes commission for the regrading of their lands have received notice that the original grade will stand, as investigation seems to indicate that they are correct.

Appraisement Finished.

The townsite commission has finished the classification and appraisement of townlots in Vinita, and the schedule will be forwarded to the Dawes commission at Muskogee, and thence to the Secretary of the Interior for approval. The work of the commission in appraising lots in this town has been carried on with promptness and as rapid as it was possible under the circumstances. Vinita congratulates herself upon being the first town in the Cherokee nation that acquires title to real estate, and an era of improvement is looked for that will eclipse the dream of the most sanguine.

A Long Drawn-out Case.

A suit that was tried in Judge Gill's court last week wherein Joe Paul sued the German-American Insurance company for \$1000 insurance on a dwelling and contents burned a few miles east of town several years ago was of interest. The case has been in the courts a long time and has attracted wide attention. The first trial resulted in a verdict for the company but was carried to the higher courts, reversed and sent back for trial. A mistrial resulted, and the case was continued from term to term until tried last week and the result was against the company. The company resisted payment on the grounds that the house burned was not the property of plaintiff, and for the further reason that it was believed the building was set on fire by the plaintiff. The case will again go up to the superior court.
